

## HHS Funding

Please be advised that U.S. Department of Health and Human Services announced the release of \$338 million to expand services offered at community health centers nationwide. The money was made available by the American Recovery and Reinvestment Act.

A list of West Virginia's grants is on the next sheet.

Grantees submitted plans explaining how the IDS funds would be used. Strategies to expand services may include, but are not limited to, adding new providers, expanding hours of operations or expanding services.

The IDS awards are the second set of health center grants provided through the Recovery Act. On March 2, President Obama announced grants worth \$155 million to establish 126 new health centers. Those grants will provide access to health center care for 750,000 people in 39 states and two territories.
